Custom shirts, printed live at your event

CHARITY OF THE MONTH **LAUNCHING 2027**

Your cause at our checkout

Starting in 2027, we'll feature one charity each month at the T-Shirt Elephant checkout. Customers can add a donation to their order as they pay, and every dollar goes to you.

Try the working example at tshirtelephant.com/charities

1 We feature you for the month

Your name, logo and story appear at our checkout, with a link to your website. We introduce you to our customers by email and on social media.

2 Customers give as they pay

One tap adds a donation to their order. An info button tells them who you are and where the money goes.

3 You receive every dollar

At the end of the month we send you the full amount collected, with a summary of what was raised.

Matching gifts

For select campaigns, we can match what our customers give, up to an agreed amount.

All we need from you

Your logo, a few lines about your mission and a link to your website. We set up the rest.

Have another idea?

We're open to creative partnerships of any kind. Tell us what you have in mind and we'll find a way to make it work for your organization.

Let's build something for your cause

Tell us about your organization and your next event or campaign.
